|-------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>Preface</b> .....                                                                                                          | xv  |
| <b>Acknowledgment</b> .....                                                                                                   | xxi |
| <b>Chapter 1</b>                                                                                                              |     |
| Future School: Personalization Plus Intelligence.....                                                                         | 1   |
| <i>Eugenijus Kurilovas, Vilnius University, Lithuania &amp; Vilnius Gediminas Technical University, Lithuania</i>             |     |
| <b>Chapter 2</b>                                                                                                              |     |
| Collaborating Partnerships: A Project-Based Legitimizing Strategy amongst East African E-Learning Providers .....             | 32  |
| <i>Titus Tossy, Mzumbe University, Tanzania</i>                                                                               |     |
| <i>Irwin Brown, University of Cape Town, South Africa</i>                                                                     |     |
| <b>Chapter 3</b>                                                                                                              |     |
| Application of Information Communication Technologies for Agricultural Development through Extension Services: A Review ..... | 52  |
| <i>L. K. Mabe, North-West University – Mafikeng, South Africa</i>                                                             |     |
| <i>O. I. Oladele, North-West University – Mafikeng, South Africa</i>                                                          |     |
| <b>Chapter 4</b>                                                                                                              |     |
| A Set of Principles for Doing and Evaluating Classic Grounded Theory Research in Information Systems .....                    | 102 |
| <i>Andy Lowe, Grounded Theory Institute, USA</i>                                                                              |     |
| <i>Titus Tossy, Mzumbe University, Tanzania</i>                                                                               |     |
| <b>Chapter 5</b>                                                                                                              |     |
| Cloud-Based Geo-Information Infrastructure to Support Agriculture Activity Monitoring .....                                   | 125 |
| <i>Shamim Akhter, East West University, Bangladesh</i>                                                                        |     |
| <i>Kento Aida, NII, Japan</i>                                                                                                 |     |
| <b>Chapter 6</b>                                                                                                              |     |
| Profiling Collaborating Partners in E-Learning in Developing Countries.....                                                   | 135 |
| <i>Titus Tossy, Mzumbe University, Tanzania</i>                                                                               |     |
| <i>Wallace Chigona, University of Cape Town, South Africa</i>                                                                 |     |

## **Chapter 7**

- A Comparative Evaluation of E-Learning Adoption in Private and Public Higher Education Institutions: A Tanzania Survey ..... 145  
*Mpe Paulo Mwamahusi, Tanzania Institute of Technology, Tanzania*  
*Titus Tossy, Mzumbe University, Tanzania*

## **Chapter 8**

- The Impact of Web 2.0 on E-Commerce Adoption and Use by Tourism Businesses – Can SMMEs Play the Trick? A Case of the Eastern Cape Province ..... 169  
*Pardon Blessings Maoneke, University of Fort Hare, South Africa*  
*Naomi Isabirye, University of Fort Hare, South Africa*

## **Chapter 9**

- Cultivating Recognition: A Classic Grounded Theory of E-Learning Providers Working in East Africa ..... 193  
*Titus Tossy, Mzumbe University, Tanzania*  
*Irwin Brown, University of Cape Town, South Africa*

## **Chapter 10**

- Assessment of Contribution of ICT for Sustainable Livelihoods in Kilosa District ..... 260  
*C. Shirima, Sokoine University of Agriculture, Tanzania*  
*Camilius Sanga, Sokoine University of Agriculture, Tanzania*

## **Chapter 11**

- Doing Classic Grounded Theory Research in Information Systems Trust in Emergence ..... 284  
*Titus Tossy, Mzumbe University, Tanzania*  
*Irwin Brown, University of Cape Town, South Africa*  
*Andy Lowe, Grounded Theory Institute, USA*

## **Chapter 12**

- Information and Communication Technologies (ICTs) for Industrial Development: Challenges and Opportunities ..... 306  
*Felichesmi Selestine Lyakurwa, Mzumbe University, Tanzania*  
*Joseph Sungau, Mzumbe University, Tanzania*

## **Chapter 13**

- Technology Access and Research Prolificacy: An Econometric Analysis ..... 320  
*Michael D’Rosario, Deakin University, Australia*

## **Compilation of References ..... 332**

## **About the Contributors ..... 381**

## **Index ..... 383**
